

PartnersProgram

DebtCare Canada Partners Program

We make it our goal not only to help our clients resolve their financial difficulties, but also to address the root cause of the financial problem. This involves helping them connect to the help they need.

The most common causes of financial crises include: loss of employment, marital separation, substance abuse, gambling, mismanagement of money, failed businesses, and that's just to name a few.

Once a client emerges from their financial difficulty and is ready to rebuild, they will then require other professional resources such as saving strategies, wealth and investment planning, rebuilding credit, and more.

This is where our Partners Program comes in. Often it is the same professionals who refer clients to us that we refer to for appropriate help.

Which Professionals Participate in Our Partners Program?

DebtCare routinely refers clients to and receives referrals from Banks, Finance Companies, Lawyers, Accountants, Bankruptcy trustees, credit counsellors, Mortgage Brokers, Realtors, Marriage Counsellors, Mediators, Drug Counsellors, Therapists, Addiction Counsellors, non-profit organizations, and more.

Professionals or organizations who refer their clients to DebtCare are eligible for referral incentives.
